A Symposium on

DYNAMICS, STABILITY AND CONTROL IN STRUCTURAL ENGINEERING: case studies

Promoted by

Rui C. Barros

Departamento de Engenharia Civil
Faculdade de Engenharia – Universidade do Porto
Rua Dr. Roberto Frias, 4200-465 Porto, Portugal

In Conjunction with

M2D'2015
6th International Conference on
MECHANICS AND MATERIALS IN DESIGN
P. DELGADA (AZORES), PORTUGAL
July 26-30, 2015

(http://paginas.fe.up.pt/clme/m2d2015/)

Papers are solicited in the following and related areas: Dynamic response of structures to wind and earthquake excitations, Carrying capacity and performance of structural members, Global stability of plane and space frame structures, Pressure vessels and piping, Dynamic stability of shell structures, General vibration analysis and control of structural systems, Base isolation in civil engineering applications, Passive semi-active and active dampers in civil engineering, Data acquisition and processing for structural health monitoring; and akin subjects within the symposium thematic.

Extended abstracts of **two full pages** should be written in the same format as the full papers for the CD-ROM (no limitation in length for these):

Paper Size:	A4, single column
Margins:	Top page 3,0 *cm*; Bottom 2,5 *cm*, Left & Right 2,5 *cm*
Font and line spacing:	Times New Roman; single space
First 3 lines:	Should be left blank, size 10, reserved for the editors
Title:	Begins at the 4th line, *c*apital letters, size 14, bold, left alignment
Authors Names:	Size 10, left alignment, two lines interval from title above
Authors affiliation:	Size 10, left alignment, two lines interval from text below
Main Text:	Size 12, full justification, 6 pt space after paragraph, no indentation
Headings:	Capital letters, size 12, bold, one line interval from text above
Legends (Figs & Tables):	Size 10, one line interval from text above and below
References:	References to cited literature should be identified in the text with author(s)

name(s) and year of publication (ex: Mascarenhas, 1997). Full citations should be grouped at the end of the paper and in alphabetical order of first author's name. Always give inclusive page numbers for references to journal articles and a page range for books. Each reference must be cited in the text.

A sample abstract is available for download at:

http://paginas.fe.up.pt/clme/m2d2015/abstract_sample.doc

which can also be used as template.

The *Extended Abstracts* are due by **15 DECEMBER 2014**, and those accepted will appear in a book which will be made available to delegates of ICEM5 during the event. Full papers will also be compiled in a CD-ROM and improved versions of ALL papers will be considered for publication in the International Journal of Mechanics and Materials in Design, (edited by S. A. Meguid and published by Springer)..
